**Subject:** Our river needs a responsible cleanup

Hi, I seldom write public officials but I am today because I believe in clean rivers.

The EPA proposal I've heard about may be good for the river and the fish. But I am not so sure it will be good for people, the people who depend on the river for their paychecks and to put food on the table. Please consider a cleanup that's good for the earth and our jobs.

Our harbor is a big part of our economy. Please pick a plan that is good for our workers.

Sincerely,
